

Partners 4 Africa Mission Update

Last week food and Bibles were distributed to the children of the public Primary school through funds recently donated by South Green.

Bibles were distributed to all students in this public primary school.

Over 500 students were fed by our sisters at Amazon church of Christ. The meals were cooked over open fires.

Students are hearing a Bible lesson from Amazon Christian High School Principal. Dorian says, because of the meals provided by South Green, they are able to share the Living Bread.
